

Emergency Road Closed Trailer

Specifications & Options

AXLE & SUSPENSION

- Single axle with leaf spring suspension

FRAME & FINISH

- Fully galvanized with signage permanently mounted to the unit with stainless steel bolts
- Arms fold in and main sign folds down for easy transport and storage
- (2x) flag holders
- Spring loaded safety latches on both sides to lock folding frame down during transit
- Spring loaded safety latch on one side to lock deployed sign in place
- Counterbalance weight on folding frame to aid in sign deployment
- (4x) adjustable stabilizer legs
- Red/White Conspicuity tape on all sides of the frame
- Fenders
- Mesh basket in front for sandbags

TOW HITCH & TRAILER JACK

- Removable Swing-Away Marine Jack
- 2" Ball or Pintle Hitch available
- (2x) Safety chains
- Can be towed in tandem

SIGNS, WARNING LIGHTS & FLAGS

- All signs made with 3M High Intensity sheeting
- (2x) Red/White Tigertails
- (1x) RB19 Do Not Enter Symbol
- (1x) ERC by Police Order sign
Main sign can include different custom message if required
- (2x) Flags
- (2x) Red battery or solar powered lights
- Main sign includes threaded rivnuts to allow additional signage to be easily changed with custom messages
- OPTIONAL SIGNAGE: Additional signage can be purchased (on quote) to be able to change message. 120x90cm Overlay will cover entire main sign. 120x30cm Overlay will cover "By Police Order". Typically, this is a town logo; new message will read "Emergency Road Closed (town logo)"

ELECTRICAL

- Weather resistant junction box on tongue
- External wiring is loomed and fed through the frame
- Rubber grommets are used where wiring is passed through metal apertures
- (2x) Clearance lights on both sides
- Stop/Turn/Tail lights on back
- Round 7-blade trailer plug and receiver on rear
